

STANDARD NOTICE FOR ENQUIRIES RECEIVED FROM THE MEDIA

Thank you for your enquiry.

We work with people who are vulnerable and many have been let down by people and organisations in whom they have placed their trust. Words and images at the click of a button can be transported around the world; in perpetuity.

After careful consideration and consultation with the people we work with we have agreed that we will not pass on any personal information about the people we work with to any authors, reporters, broadcasters, film producers or people otherwise connected with the Media.

If your enquiry is of a more general nature we would suggest that you search for information on the following websites:

- UKNSWP
- Gibran-UK
- Prison Reform Trust
- Unlock national charity for reformed offenders
- Women in Prison
- Howard League for Penal Reform

The 'Sex Work in Wales' Research is in its infancy, and therefore data is not currently available. We will disseminate information related to this research in the near future.

Gill Hurley
Managing Director
August 2010
